

AP650 Outdoor Patio Speakers

The AP650 outdoor patio speakers are IP54 rating for protection against dust and water, these speakers feature a frequency response of 35Hz to 22kHz +/- 10dB, power handling of 150W, and sensitivity of 90 dB. Gold-plated spring-loaded binding posts ensure a secure connection. Powder-coated rust-resistant aluminum grille and ABS polymer enclosure and full motion bracket make these speakers durable for outdoor use and easy to install in any position. The 6.5-inch water resistant paper cone woofer provides full sound and deep, rich bass. Perfect for patios, decks and overhangs.
